AiSP LITE SIG Meetup 3 October 2024

AiSP has set up a Special Interest Group - Legal Investigative Technology Experts (LITE).

Our Vision is to provide a platform for AiSP members who are keen in the investigations space, specialising in the realms of digital forensic / e-Discovery, to participate in and benefit from each other's expertise, so as to create a vibrant and dynamic ecosystem. Join us for an enlightening panel discussion that delves into the daily responsibilities and challenges faced by Digital Forensic / e-Discovery specialists in the public sector, consulting, and as an in-house practitioner. This session will provide a behind-the-scenes look at the critical work conducted by these specialists in the realm of the digital, legal, and investigative landscape.

Date: 3 October 2024, Thursday
Time: 6PM – 8.30PM

Venue: JustCo @ Marina Square
Register [here](#)

*AiSP members who would like to bring a non-member for the event can reach out to secretariat@aisp.sg for a 50% discount code.

AJCCA Conference 2024 16 October 2024

The first ASEAN Japan Cybersecurity Community Alliance (AJCCA) Conference was held in 2023 in Tokyo.

This year, the ASEAN Japan Cybersecurity Community Alliance (AJCCA) Conference will be held in 2024 in Singapore.

The ASEAN Japan Cybersecurity Community Alliance (AJCCA) is a collaborative initiative formed by nine leading cybersecurity communities from ASEAN nations and Japan.

AJCCA is dedicated to enhancing cybersecurity capabilities, information sharing, and mutual support among its member nations to address the evolving challenges in the digital landscape.

Date: 16 October 2024
Time: 8:30am - 4pm
Location: TBC

DDoS Mitigation Advisory

The Distributed Denial of Service (DDoS) Mitigation Advisory provides guidance to organisations on how to prepare for, identify, contain and mitigate DDoS attacks whilst minimising impact to business operations.

The Advisory is structured around the Govern, Identify, Protect, Detect, Respond and Recover (GIPDRR) functions from the National Institute of Standards and Technology's Cybersecurity Framework (CSF) 2.0.

Best Practices

- Govern**
 - Establish organisational policies that outline the security goals
 - Establish a DDoS Incident Response Plan to facilitate smoother execution of DDoS response
- Identify**
 - Identify critical assets and services of the organisation that are exposed to public internet
- Protect**
 - Design for resiliency and conduct DDoS sustainability tests
 - Maintain good cyber hygiene and be familiar with the Response Plan
 - Engage DDoS Protection Service Providers
- Detect**
 - Monitor for early warnings for DDoS attacks for prompt response and minimal disruption
 - Determine the nature and scope of the DDoS attack and communicate details to the right teams
- Respond**
 - Execute DDoS Incident Response Plan and other mitigation measures to minimise the impact of the DDoS attack and reduce service disruption
- Recover**
 - Perform restoration activities to resume normal operations
 - Review and incorporate lessons learned into DDoS Response Plan

For more information, visit www.csa.gov.sg

Follow us on 

Cyber Security Agency of Singapore is glad to share that the DDoS Mitigation Advisory has been published! Please refer to the link(s) below for the Advisory.

NTUC Mentorship Ecosystem Volunteer as an Industry Mentor

#EVERYWORKERMATTERS **ntuc**

Be a mentor

Inspire someone's growth

Mr. Richard Chong, Ms. Aileen Tan, Mr. Goh Chuan Beng, Mr. Paul Chan, Mr. Pooi Ong

The NTUC Mentorship Ecosystem is a one-stop resource and networking platform for mentees and mentors. It empowers mentees to navigate their careers and provides mentors with opportunities for personal development and to pay it forward.

Volunteer as an Industry Mentor. If you are:

- An experienced professional with at least 5 years of work expertise
- Well-connected with industry peers
- Ready to share your learnings and insights
- Ready to shape the future of youths and PMEs

Join us to reap the rewards of your mentorship endeavour:

- Develop coaching and mentoring skills
- Expand your industry and personal network
- Collaborate with fellow practitioners
- Make a lasting impact in the community

Volunteer as a mentor today!

On behalf of NTUC, we are keen to invite you to volunteer as an Industry Mentor under the NTUC Mentorship Ecosystem.

In our daily interactions with different segments of the workforce including youths, many have sounded out the need for career mentors. As a mentor, you can leverage on your industry and working experience to pay-it-forward and have meaningful conversations to share your expertise and guidance with individuals who would appreciate career navigation support and deeper insights into different roles in the workforce today. In return, as you support mentees, the NTUC Mentorship Ecosystem will support you with networks, training, and a community of peer support.

We sincerely hope you'll be a part of this movement and be a catalyst of change.

Click on [this link](#) to apply.

Please feel free to reach out to NTUC at ntucmentorship@ntuc.org.sg.

CyberBoost Pre-Boost Accelerator Programme

What is CyberBoost Pre-Boost?
CyberBoost is a suite of supporting programs jointly organized by [NUS Enterprise](#) and [CSA](#), supported by [Plug and Play](#), that caters to companies at different stages of growth, providing different entry points for bespoke support.

As part of [CyberBoost Pre-Boost programme](#), you will undergo a structured 3-month program training, with 6 months venture support, taking your idea to market and even commercialization! You would also be able to receive dedicated mentorship from industrial professionals who are practitioners, business consultation advice from NUS Enterprise experts and even CSA, as well as a space for you to work out of in order to develop your idea or product.

Additionally, workshops and training are integrated into the program to equip you with knowledge spanning across fundraising, market access and even polishing your deck to be pitch-perfect, priming your venture building and growth.

New versions launched!

The question is not if, but when a cyber incident will occur?

EC-Council's Certified Incident Handler (ECIH) program equips students with the knowledge, skills, and abilities to effectively prepare for, deal with, and eradicate threats and threat actors in an incident.

The newly launched Version 3 of this program provides the entire **process of Incident Handling and Response** and hands-on labs that teach the **tactical procedures and techniques** required to effectively **Plan, Record, Triage, Notify** and **Contain**.

ECIH also covers **post incident activities** such as **Containment, Eradication, Evidence Gathering** and **Forensic Analysis**, leading to prosecution or countermeasures to ensure the incident is not repeated.

With over **95 labs, 800 tools** covered, and exposure to Incident Handling activities on four different operating systems, ECIH provides a well-rounded, but tactical approach to planning for and dealing with cyber incidents.

Special discount available for AiSP members, email aisp@wissen-intl.com for details!
