Data & Privacy Workshop
Data Protection in an AI-powered World

24 July 2024 | 1.30PM - 6PM
JustCo @ Marina Square

SAVE THE DATE

Exclusive Sponsor
opentext

In the age of artificial intelligence, the integration of Generative AI (GenAI) and Large Language Models (LLMs) into various sectors has revolutionized how organizations operate. However, this technological advancement also brings with it significant data protection challenges. This event aims to explore these challenges and provide actionable insights for managing data protection in an AI-powered world.

Organized by the Association of Information Security Professionals (AiSP), the AiSP Data & Privacy Workshop is a unique event that delves into the critical intersection of Data & Privacy

Our theme for this year summit is "Data Protection in an AI-powered World".

Event Date: 24 July 2024
Event Time: 1.30PM – 6PM
Event Venue: JustCo @ Marina Square

NTUC Mentorship Ecosystem Volunteer as an Industry Mentor

#EVERYWORKERMATTERS **ntuc**

Be a **mentor**
Inspire someone's growth

Mr. Vincent Chong
Group President & CEO
Singapore Airlines

Ms. Aileen Tan
Group Chief People & Sustainability Officer
Singapore Airlines

Mr. Goh Choon Pheng
CEO
Singapore Airlines

Mr. Yueli Chawla
Group CEO
Fairchild Group

Mr. Perry Ong
CEO
Ciel Energy Pte Ltd

The NTUC Mentorship Ecosystem is a one-stop resource and networking platform for mentees and mentors. It empowers mentees to navigate their careers and provides mentors with opportunities for personal development and to pay it forward.

Volunteer as an Industry Mentor. If you are:

- An experienced professional with at least 5 years of work expertise
- Well-connected with industry peers
- Ready to share your learnings and insights
- Ready to shape the future of youths and PMEs

Join us to reap the rewards of your mentorship endeavour:

- Develop coaching and mentorship skills
- Expand your industry and personal network
- Collaborate with fellow practitioners
- Make a lasting impact in the community

Volunteer as a mentor today!

On behalf of NTUC, we are keen to invite you to volunteer as an Industry Mentor under the NTUC Mentorship Ecosystem.

In our daily interactions with different segments of the workforce including youths, many have sounded out the need for career mentors. As a mentor, you can leverage on your industry and working experience to pay-it-forward and have meaningful conversations to share your expertise and guidance with individuals who would appreciate career navigation support and deeper insights into different roles in the workforce today. In return, as you support mentees, the NTUC Mentorship Ecosystem will support you with networks, training, and a community of peer support.

We sincerely hope you'll be a part of this movement and be a catalyst of change.

Click on [this link](#) to apply.

Please feel free to reach out to NTUC at ntucmentorship@ntuc.org.sg.

ITE Work-Study Diploma Programme

We offer the following Work Study Diploma Programmes at ITE College East:

- **Work Study Diploma Programme in Cyber Security & Forensics**
- Work Study Diploma Programme in Cloud Management & Operations (Infrastructure Support)
- Work Study Diploma Programme in Cloud Management & Operations (Cloud Operations)
- Work Study Diploma Programme in Data Centre Infrastructure & Operation

The highlights of the Work Study Diploma are:

- Companies can claim up to S\$15,000 for every Work Study Diploma Trainee they engage.
- Companies will be able to interview and select graduates of Nitec / Higher Nitec in IT / Cyber Security for this programme.
- Companies will be assured of manpower for the next 2.5 years.
- Companies may send representatives to sit on the Technical Committee and provide input for the course.

New versions launched!

The question is not if, but when a cyber incident will occur?

EC-Council's Certified Incident Handler (ECIH) program equips students with the knowledge, skills, and abilities to effectively prepare for, deal with, and eradicate threats and threat actors in an incident.

The newly launched Version 3 of this program provides the entire **process of Incident Handling and Response** and hands-on labs that teach the **tactical procedures and techniques** required to effectively **Plan, Record, Triage, Notify** and **Contain**.

ECIH also covers **post incident activities** such as **Containment, Eradication, Evidence Gathering** and **Forensic Analysis**, leading to prosecution or countermeasures to ensure the incident is not repeated.

With over **95 labs, 800 tools** covered, and exposure to Incident Handling activities on four different operating systems, ECIH provides a well-rounded, but tactical approach to planning for and dealing with cyber incidents.
