AiSP CyberSec Conference 2024
Sustaining Growth & Innovation Securely In This Challenging Business Environment
15 May 2024
Suntec Convention Centre
Guest of Honour: Mr Tan Kiat How, AiSP Patron - Senior Minister of State, Ministry of Communications and Information & Ministry of National Development

Organised by the Association of Information Security Professionals (AiSP), the AiSP SME Conference is a unique event that brings together organisations to discuss the importance of being cyber aware and stay protected. The event will provide our speakers with the opportunity to share their experience, skills and knowledge to show how cybersecurity can help companies to stay protected. AiSP aims to elevate cybersecurity awareness among companies and establish a self-sustaining ecosystem with active participation from government agencies, business associations, cybersecurity communities, and solutions provider.

Our theme for this year conference is “Sustaining growth and innovation securely in this challenging business environment”.

As part of AiSP Cybersecurity Awareness and Advisory Programme (CAAP), this event is for Singapore Enterprise and SMEs to know more about cybersecurity as a business requirement and how they can implement solutions and measures for cyber-resilience. CAAP hopes to elevate cybersecurity awareness as integral part of business owner's fundamentals and establish a self-sustainable support ecosystem programme with active participation from agencies, business associations, security communities and solutions provider.

Date : 15 May 2024

Time : 9AM – 3PM

Venue : Suntec Convention Centre

Guest of Honour:

AiSP Patron – Senior Minister of State, Ministry of Communications and Information & Ministry of National Development –
Mr Tan Kiat How

AiSP Events and Updates

AiSP QISP Workshop 31 May 2024

The banner for the AiSP QISP Workshop features a blue background with a glowing globe icon on the left. The text 'AiSP QISP WORKSHOP' is prominently displayed in white and yellow. Below it, it says 'ONE-DAY MASTERCLASS FOR THE QISP® PROGRAMME'. The 'Workshop Details' section includes the date '31 May 2024 Friday', time '8.30AM - 5PM', and location '51 Cuppage Road Level 3, Singapore 229469'. A QR code is provided for registration. Logos for AiSP, CSA, and WISSEN are at the bottom, along with a 'REGISTER NOW!' button.

This one-day masterclass is designed to prepare candidates for the Qualified Information Security Professional (QISP®) examination.

Participants will gain a comprehensive overview of the key principles across all domains defined in the Information Security Body of Knowledge (IS BOK) 2.0, with a focus on effective exam preparation strategies.

The session is ideal for individuals aiming to certify or enhance their expertise in managing cybersecurity threats and incidents.

Objectives:

- Understand the core principles and domains of IS BOK 2.0.
- Identify strategies for effective preparation and success in the QISP® exam.
- Discuss real-world applications of information security management to enhance practical understanding.

Target Audience:

- Information security professionals seeking QISP® certification.
- Individuals with 1-5 years of experience in information security or related formal training.
- Professionals holding or pursuing certification in information security.

SEA CC Webinar – Cloud Security 31 July 2024

The webinar banner has a blue background with circular frames containing photos of speakers Alvin Yeo and Mon Galang. The text 'SEA CC WEBINAR CLOUD SECURITY' is in white. It specifies the date '31 JULY 2024' and time '3 - 5 PM SGT'. A QR code is included. Logos for AiSP, APISAS, ISAC-CAMBODIA, MBOT, MiSA, TISA, VNISA, and WISAP are at the bottom.

The South East Asia Cybersecurity Consortium will be organising a series of webinars leading up to the SEA CC Forum 2024. The upcoming webinar will be focusing on Cloud Security where speakers will be sharing insights on the best practices for cloud security.

How Tenable Cloud Security Zaps the Risk You Cannot See

Speaker: Alvin Yeo, Cloud Specialist, Tenable, APJ

Cloud infrastructure is an attacker's playground – you need to reveal the risk you cannot see.

Join Tenable's Alvin Yeo, Cloud Specialist to hear how CNAPP empowers teams with full asset discovery and risk analysis, runtime threat detection and compliance reporting for multiple clouds.

Cloud Security Measures in a Modern Banking Environment

Speaker: Mon Galang, Cyber Security Head, GoTyme Bank and WISAP Technical Committee Expert

In the dynamic landscape of modern banking, robust cloud security measures form the bedrock of trust and integrity. Banks fortify their cloud infrastructure against cyber threats, ensuring the confidentiality and integrity of sensitive financial data. Continuous monitoring and stringent access controls further safeguard against unauthorized access, bolstering customer confidence in the digital banking ecosystem.

New versions launched!

The question is not if, but when a cyber incident will occur?

EC-Council's Certified Incident Handler (ECIH) program equips students with the knowledge, skills, and abilities to effectively prepare for, deal with, and eradicate threats and threat actors in an incident.

The newly launched Version 3 of this program provides the entire **process of Incident Handling and Response** and hands-on labs that teach the **tactical procedures and techniques** required to effectively **Plan, Record, Triage, Notify** and **Contain**.

ECIH also covers **post incident activities** such as **Containment, Eradication, Evidence Gathering** and **Forensic Analysis**, leading to prosecution or countermeasures to ensure the incident is not repeated.

With over **95 labs, 800 tools** covered, and exposure to Incident Handling activities on four different operating systems, ECIH provides a well-rounded, but tactical approach to planning for and dealing with cyber incidents.
