SME Cybersecurity Conference 2022
30 November 2022

Organised by the Association of Information Security Professionals (AiSP), NTUC U SME and TTAB. The AiSP SME Conference is a unique event that brings together organisations to discuss the importance of being cyber aware and stay protected. The event will provide our speakers with the opportunity to share their experience, skills and knowledge to show how cybersecurity can help companies to stay protected. AiSP aims to elevate cybersecurity awareness among companies and establish a self-sustaining ecosystem with active participation from government agencies, business associations, cybersecurity communities, and solutions provider. Our theme for this year conference is "Ready to build a secure digital business".
