AISP Knowledge Series - Internet of Things (Part of GovWare 2022)

In this Knowledge Series, we are excited to have Boston Consulting Group, NetWitness and wizlynx group to share with us insights on Internet of Things. Based off Information Security Body of Knowledge (BOK) 2.0 content topics, AiSP has been organising a series of knowledge-sharing & networking events to enable our members with a better understanding of how IS-BOK can be implemented at workplaces. This event is held in conjunction with GovWare 2022 at GovWare venue.
