Learning Journey to Ensign on 6 September!

Learning Journey to Ensign InfoSecurity 6 September 2022

As part of the International Cyber Women Day Celebrations 2022, AiSP will be organising a learning journey to Ensign InfoSecurity on 6 Sep 22 from 2pm to 5pm where we will invite about 50 to 70 female Youths (Subjected to COVID restrictions) from our Student Chapters to come together physically for a day of celebration, learning journey and visiting the Ops Centre at Ensign InfoSecurity and interacting with the working personnel at Ensign.

Join us for an afternoon of enriching activities ranging from Dialogue Session with our Guest of Honour, Ms Gan Siow Huang, Minister of State in the Ministry of Education and Ministry of Manpower, Recruitment Talk, Internship Opportunities and visit to the Ops Centre. The event is open to all female students in tertiary level. Join MOS Gan, Ms cAsh Chng, Ministry CISO, Ms Jackie Low, Deputy Director and Ms Sherin Y Lee at the event to hear what they have to share.

Open to all to join virtually. Register [here](#) by 6 Sep 12 Noon!

Anti-Malware Day 3 November 2022

3rd November has been dedicated as Anti-Malware Day. On this day we will like to honor all the cybersecurity professionals at the frontline and behind the scene on the collective effort to stamp out on malware. There is no better way to prevent malware than raising awareness hence Huawei together with AiSP will like to present you Malware Awareness Day on 3rd November at Huawei DigiX Lab. Come and hear from our VIP speakers Mr Yum from CSA, Ferdinand Fong from Wizlynx and Jeffery Zhang from Huawei.

Email karen.ong@aisp.sg to RSVP now.

AiSP Events and Updates

AiSP x IASA Seminar Enhance IT Security with Enterprise Architecture 20 September 2022

AiSP & IASA Seminar
Enhance IT Security with Enterprise Architecture
Tuesday, 20 September 2022
9.30AM - 12.00 PM (GMT +8)
JustCo (Marina Square) 6 Raffles Boulevard, #03-308, Singapore 039594

Businesses must ensure that their IT security strategies are aligned with and support business objectives, that they consistently comply with regulations through adherence to policies and internal controls, and that they provide accountability in order to manage risk. Enterprise Architecture (EA) framework serves as a standard for aligning business and IT objectives and governs IT security throughout the organisation. To thrive in the digital business, AiSP and IASA have collaborated to provide security professionals with high-impact EA training programmes that are globally certified and supported by IBF and SkillsFuture.
