Launch of the Association of Information Security Professionals (AISP)'s AI Special Interest Group at the Inaugural AiSP AI Security Summit 2024

Singapore, 03 July 2024 – The Association of Information Security Professionals (AiSP) organised the Inaugural AiSP AI Security Summit 2024 as part of the AI Security Special Interest Group (SIG) with the theme of AI for Cybersecurity and Cybersecurity for AI at Marina Bay Sands Convention Centre. The event aims to focus on the innovative applications of AI in safeguarding digital asset and addressing the imperative of securing AI system themselves, tackling issues of adversarial attacks, data privacy and ethical consideration.

Dr Janil Puthucheary, Senior Minister of State for Communications and Information, is the Guest-of-Honour at this inaugural event. At the event, Dr Puthucheary addressed more than 100 guests from the industry, public sector and overseas information security associations during his opening address.

At the Summit, Dr Janil Puthucheary spoke about the launch of the Artificial Intelligence (AI) Special Interest Group (SIG). The interest group aims to provide a platform for AiSP members who are interested in AI to learn from and exchange ideas with other members and experts on this emerging technology. It also seeks to provide clarity and awareness on the impacts and applications of AI to Information Security Profession and professionals. The interest group also hopes to improve security requirements through sharing within members in AiSP, responsible use and governance on AI systems and/or applications.

AiSP AI Security SIG Lead, Mr Tam Huynh shared, "Regardless of your optimistic or pessimistic view on the future of AI, the technology development and its application will continue to grow and significantly impact our work and life. It is important for all of us to stay updated on the technology, to learn to use its applications and shape its development for better outcomes.

It is hoped that the AI SIG of AiSP could be a platform where cybersecurity professionals can share interests in AI, learn from each other and share the knowledge with the community, for a better, and more secure world where AI would play a significant role".

The event is supported by the Cyber Security Agency of Singapore (CSA) and eleven other industry and professional associations: Association of Electronic Industries (AEIS), AmCham

Singapore, British High Commission Singapore, CREST, Cloud Security Alliance Singapore Chapter, Centre for Strategic Cyberspace + International Studies (CSCIS), ISACA Singapore Chapter, OT-ISAC, Singapore Chinese Chamber of Commerce & Industry, Singapore Computer Society and Security Systems Association Singapore (SSAS).

Annex A – Factsheet on The AiSP AI Security Summit 2024

About The AiSP AI Security Summit 2024

In an era defined by rapid digital transformation and evolving cyber threats, the integration of Artificial Intelligence into the realm of cybersecurity has become not just a necessity but a strategic imperative. From machine learning algorithms that detect anomalies in network traffic to autonomous response systems that thwart sophisticated attacks in real-time, AI holds immense promise in fortifying our defenses against an ever-expanding array of cyber threats. At the same time, as organizations increasingly rely on AI to enable their business and safeguard their digital assets, the security and ethical implications of AI deployment loom large. The conference aims to help Enterprises, SMEs and individuals to be more aware of practical usages of AI in securing their digital assess as well as considerations to better governance their AI-based solutions.

The AiSP AI Security Summit is a unique event that delves into the critical intersection of artificial intelligence and cybersecurity. Our distinguished speakers from public, private and academia sectors will share audience on the innovative applications of AI in safeguarding digital asset and addressing the imperative of securing AI system themselves, tackling issues of adversarial attacks, data privacy and ethical consideration. The theme for the summit is: "AI for Cybersecurity and Cybersecurity for AI".

About AiSP

Started in 2008, the Association of Information Security Professionals (AiSP) aims to:

- Promote the integrity, status and interests of Information Security Professionals in Singapore.
- Develop, support and enhance technical competence and management expertise in cybersecurity.
- Bolster the development, increase and spread of information.

Please refer to www.aisp.sg or reach out to our media contacts for more details.

Annex B – Programme on The AiSP AI Security Summit 2024

Time	Programme
8.30AM - 9AM	Registration & Viewing of Booth
9AM - 9.10AM	Welcome Address by Mr Tam Huynh, AiSP Assistant Secretary & AI SIG EXCO Lead
9.10AM - 9.20AM	Opening Address by Guest of Honour, Senior Minister of State for Communications and Information and Minister-in-Charge of GovTech, Dr Janil Puthucheary
9.20AM – 9.55AM	Touring of Booths by Guest of Honour, Senior Minister of State for Communications and Information and Minister-in-Charge of GovTech, Dr Janil Puthucheary Booth 1: Fortinet Booth 2: CISCO Systems Booth 3: Sailpoint Booth 4: softScheck Booth 5: AiSP
9.20AM - 9.50AM	"AI In Cybersecurity" by Mr Jonas Walker, Director for Threat Intelligence APAC & Middle East, Fortinet
9.50AM - 10.20AM	"AI Security: What must you know urgently!" by Prof Yu Chien Siang, Chief Innovation and Trust Officer, Amaris AI
10.20AM - 10.40AM	Tea Break
10.40AM - 11.10AM	"Innovating for a new era of security" by Mr Timothy Snow, Regional Lead APJC, Cybersecurity Engineering, Cisco Systems
11.10AM - 11.40AM	"A road towards an interaction between cybersecurity and AIGC" by Dr Liu Yang, Executive Director of Cyber Security Research Centre @ NTU, Nanyang Technological University
11.40AM - 12.40PM	Lunch and Viewing of Booths
12.40PM - 1.10PM	"Navigating the cyber risk of AI" by Mr Dan Yock Hau, Assistant Chief Executive (National Cyber Resilience), Cyber Security Agency of Singapore
1.10PM - 1.40PM	Panel Discussion "Navigating Risk, Security and Governance of AI" Moderator: Wally Lee, Advisor to EXCO and AI SIG Member, AiSP Panelists: 1. Mr Dan Yock Hau, Assistant Chief Executive (National Cyber Resilience), Cyber Security Agency of Singapore 2. Dr Liu Yang, Executive Director of Cyber Security Research Centre@ NTU, Nanyang Technological University 3. Mr Jonas Walker, Director for Threat Intelligence APAC & Middle East, Fortinet 4. Prof Yu Chieng Siang, Chief Innovation and Trust Officer, Amaris AI
1.40PM - 2.00PM	Viewing of Booth
2.00PM	End of Event
